

## SUSPENDS SOUTH DAKOTA RATES

Judge Willard Enjoins State Railroad Commission.

INJUNCTION IS TEMPORARY

Federal Court at Minneapolis Issues Order Preventing Putting in Effect Lower Rates Than Those Now Existing Although the Schedules Were Approved at the Last Session of the South Dakota Legislature.

Minneapolis, Sept. 7.—Judge C. A. Willard of the federal district court enjoined the railroad commission of South Dakota, temporarily, from enforcing railroad rates lower than those now existing that the legislature of South Dakota approved at the last session. The power of the legislature within its own state and of the state railroad commission is blocked by federal authority pending a hearing. The case is in some degree analogous to the famous Minnesota rate cases.

George Rice, F. C. Robinson and William G. Smith constitute the South Dakota railroad commission. They were represented by Assistant Attorney General P. W. Dougherty of Dell Rapids, who traced their powers from the legislature and argued that an order limiting or prohibiting their actions within their own state and in their official capacity is limitation of the powers of the state legislature.

W. D. Cantillon general manager of the Chicago and Northwestern, which has 980 miles of road in South Dakota, submitted, through Attorney A. K. Gardner, a statement of unit cost of operation in interstate and intrastate traffic, and C. F. Blach of Chicago, head of the accounting department, presented figures to show that the lower rates would seriously affect the earnings of the road as to create net losses in operation.

R. C. Johnson, attorney general of South Dakota, and T. E. Cassill, secretary of the railroad commission, are included in the injunction that was granted.

Judge Willard gave the opinion that the pleadings submitted by the attorneys for the railroads, in which earnings relative to estimated valuation and other statistical statements figured to the extent of more than six hundred pages, made sufficient ground for the granting of a temporary injunction pending a fuller hearing. The railroad commission of South Dakota at some later date will be heard on the argument against making the injunction permanent.

The Pierre, Rapid City and Northwestern Railway company and the Fort Pierre Bridge Railway company are subsidiary companies of the Chicago and Northwestern that appeared in the case.

## MINNESOTANS FARE WELL

Draw Large Number of Prizes in Berthold Land.

Minot, N. D., Sept. 7.—Minnesotans figured conspicuously in the drawing of the winners at the opening of the Berthold Indian reservation. Next to North Dakota, Minnesota captured most of the lucky numbers and many St. Paul residents drew valuable claims.

The claim drawn by John Wolden of Dilworth, Minn., is valued at from \$10,000 to \$15,000.

The best quarter sections adjoin townships on the reservation and are highly prized.

B. E. Glick of Foxholm, N. D., drew No. 1; John Wolden of Dilworth, Minn., No. 2, and E. A. Duvall of Minot, N. D., No. 3.

## INCREASE IN WHEAT CROP

Canadian Northwest Expects 178,000,000 Bushels.

Ottawa, Ont., Sept. 7.—The estimate of the Canadian Northwest wheat crop, according to official reports, is held at 178,000,000 bushels. This is thought to be pretty authentic. In addition there will be an oat crop of nearly 225,000,000 bushels and of barley and flax 34,000,000 bushels. It is only within a few years that the Northwest wheat crop has passed the 100,000,000 bushel mark. These statistics show a tremendous increase over last year.

## WILSON CLUB IN CHICAGO

First in West to Promote Governor's Presidential Boom.

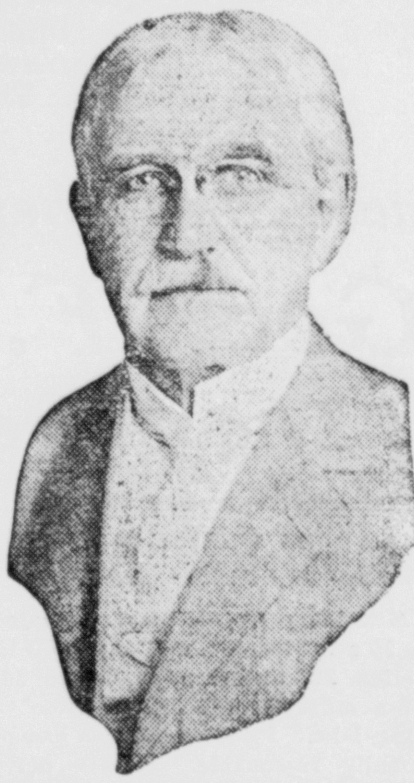

Chicago, Sept. 7.—The first club formed in the West to forward the candidacy of Woodrow Wilson for the presidential nomination was organized here. Members declare themselves as also in favor of former Mayor Edward F. Dunne for governor of Illinois.

Will Not Extend Fair.

St. Paul, Sept. 7.—The state fair will not be continued into next week. This was definitely decided at a meeting of the board of directors. There is a chance—just a bare chance—that there may be one day of motor racing Monday, but the fair in general will close Saturday night, the booths be dismantled, the stock taken away and exhibits removed.

## SENATOR GAMBLE.

Declares South Dakota Will Give Taft Hearty Support.

© 1911, by American Press Association.

## GAMBLE LAUDS PRESIDENT

Senator Declares South Dakota Will Support Mr. Taft.

Sioux City, Ia., Sept. 7.—Robert J. Gamble, senior United States senator from South Dakota, in an interview here, favors and predicts the renomination of President Taft. Senator Gamble said his state would support Taft for renomination.

"Not in a generation," said Mr. Gamble, "have we had such able, constructive and progressive leadership as that given by President Taft. There is no doubt that my state will give the president hearty support. This estimate is based on evidence gathered in traveling over a portion of South Dakota since my return from Washington and in the advice I have received."

"My own position is in accord with what I believe to be the sentiments of my constituency." The statement follows closely the declarations of Senator C. E. Crawford that he will support Senator La Follette.

## GRAND JURY INDICTS TWO MILLIONAIRES

Are Accused of Smuggling Gems Into New York.

New York, Sept. 7.—Separate indictments accusing Nathan Allen of Kenosha, Wis., and John R. Collins of Memphis, Tenn., reputed millionaires, of smuggling gems valued at many thousands of dollars into New York, were brought to the light of day in the office of United States District Attorney Wise. The indictments had lain on his desk, bearing the seal of the federal grand jury, since Aug. 29, when they were handed down.

The testimony of Mrs. Helen Dwell Jenkins, the woman with whom Allen is said to have quarreled and broken his friendship not long ago, is understood to have formed the foundation on which the true bills were found.

Allen, a leather manufacturer, is charged with having concealed about his clothing a pearl valued at \$10,000, when he landed in New York from the Lusitania June 25, 1909. The indictment further charges him with having failed to declare the gem and with bringing it into the country, duty unpaid.

Collins, a coal operator of Tennessee, was a fellow passenger of Allen, the indictment in the Tennessee case recites, and it charges him with having smuggled a necklace consisting of strands of pearls with a diamond and ruby clasp, a pearl and diamond bracelet and other articles of jewelry and wearing apparel.

## MOROCCAN DISPUTE TO END

Report From Berlin Says Germany Will Accept France's Proposal.

Paris, Sept. 7.—Reports from Berlin, believed to emanate from the French embassy there and received here, indicate that Germany will accept the final proposal of France and that the Moroccan dispute will soon be settled. The French foreign office, so far as can be learned, has not received an official answer to its note to Germany and the matter is still in the hands of the German chancellor, Dr. Bethmann-Hollweg.

Backer of Sullivan Dead.

New York, Sept. 7.—John H. Cusack of Brooklyn, who was John L. Sullivan's backer when the former champion was defeated at New Orleans in 1892 by James J. Corbett, is dead. He is said to have lost \$68,000 on Sullivan in that fight.

Accidental Discharge Fatal.

Amherst Junction, Wis., Sept. 7.—While examining an automatic pistol in the hotel office Lyle Mead of St. Paul accidentally shot and killed Joe Stavik of Forestville, Wis.

Hard Fists.

Salt, water and turpentine form a solution which is often used by boxers to harden their hands.

## CHAMP CLARK'S BOOM GROWING

More Talk of the Speaker For President.

BRYAN FOR WILSON OR CLARK

Harmon's Friends Leaving No Stone Unturned—Will Democrats Favor Initiative and Referendum?—Ollie James Loyal to the Peerless—Large Demand For Investigation Evidence.

By ARTHUR W. DUNN.

Washington, Sept. 7.—[Special.]—Although William J. Bryan once named a list of forty Democrats acceptable to him as presidential candidates, his friends believe that his support must be given to either Governor Wilson or Speaker Clark. His declaration against Governor Harmon is taken to mean that he will soon narrow the list of eligibles and that the prominence of Wilson and Clark will force him to choose between them. It does not mean that Governor Harmon's friends have relaxed their efforts to secure his nomination. In fact, there are anti-Bryan Democrats who have redoubled their efforts in his behalf. The men who want to eliminate Bryan as a factor in Democratic politics are anxious to nominate the Ohio governor for the purpose of demonstrating that the Nebraska man has lost his influence in the party.

Harmon and Clark in the South.

A man from Alabama was interviewed in Washington a few days ago and said that, although there seemed to be a great deal of sentiment in his state for Governor Harmon, he believed when the roll was called in the convention next year Alabama would lead off for Champ Clark. Congressman Rucker of Colorado, a former southern man, said after a tour through the south that Harmon seemed a popular candidate, but that Clark was growing. He spoke of his own state and said that while it was now for Harmon it was possible that Colorado would be for Clark when the delegates were elected.

What Are They Doing?

"I want to say to my associates in every part of the Union," said Senator Bailey, "that in every state there is a systematic and aggressive campaign to incorporate a declaration in favor of the initiative and referendum in the Democratic national platform next year. What are you going to do? Are you going to oppose it, or are you going to tell the people that you have not made up your minds about it?"

The Texas senator said that twenty years ago the Democrats fought this Populist declaration on every stump. Every southern Democrat denounced it. "Where are your clarion voices now?" he asked. "I do not hear them." But Bailey ought to know that with William J. Bryan earnestly favoring the declaration there are many Democrats everywhere who do not want to go out of their way to oppose it.

"His Heart Was True to Poll."

Like the old English coterminous song, "his heart was true to poll," was the heart of big Ollie James. On the day that Leader Underwood scathingly denounced Bryan in the house and not even a word was said for the Nebraska by his erstwhile friends while his denunciation was cheered again and again there was some wonder that Ollie James did not come to Bryan's defense. But more than that—Underwood made James the vehicle to indorse his course by reading a telegram from Bryan to James. Later when James attacked Underwood and charged him with favoring a bill in favor of a big Alabama corporation there were keen observers who knew what was underneath the sharp words. James sought the first opportunity to "stick it into" Underwood and to avenge his much adored hero. Bryan is the beau ideal citizen and statesman in the mind of James.

The South and Protection.

Since so much opposition was developed among southern cotton manufacturers against the reduction of the duty on cotton, talk has been revived about organizing a Republican party in the cotton states which will voice the protection sentiment of those states. That will be interesting in view of the fact that the most pronounced protectionists from the south in congress strenuously insist that they are for tariff for revenue.

People Are Reading.

Many committee rooms are stacked high with copies of the different hearings which have been in progress since the Sixty-second congress met. The demand for this literature will exhaust the supply long before congress can order another issue. This indicates that the people are reading a great deal during the summer.

Champ Clark's Report.

There are people who think it is the duty of the speaker to make an annual report of congress. "Please send me the annual report of congress for 1911," was one of several similar requests which go to the speaker's room, and Secretary Bassford tries to find out just what is wanted. Champ no doubt thinks his statement made at the close of the session and several public utterances since that time were sufficient in the way of a "report" so far as he is concerned.

Greeks and Lightning.

Skins of seals and hyenas were believed by the Greeks to be effective protections against lightning.

## JOHN R. WALSH.

Chicago Banker Will Ask for Parole on Sept. 12.

## WALSH WILL ASK PAROLE

Chicago Banker to Again Seek Clemency From Federal Board.

Chicago, Sept. 7.—An application for the parole of John R. Walsh, former Chicago banker, from the federal penitentiary at Leavenworth, Kan., will be presented to the federal board of parole when it meets Sept. 12.

The last obstacle to his parole was removed last month when the United States district attorney here requested that the remaining indictments against the former banker be dismissed. The prisoner has served one-third of his term of five years.

A Growsome Collection.

At the prison of St. Paul at Lyons, France, there is a curious collection of pens. They are the pens with which the executioners have signed the regulation receipts for the prisoners handed over to them to be executed. At each execution a fresh pen is used for the purpose, and the ink is left to dry upon it.

Both Fooled.

She—You deceived me when I married you. He—I did more than that. I deceived myself.—Boston Transcript.

## MAY REOPEN CASE AGAINST BEATTIE

Prosecutor Has Letter From Man Saying He Saw Murder.

Richmond, Va., Sept. 7.—All plans of the prosecution in the case of Henry Clay Beattie, Jr., on trial for the murder of his wife, may be changed, as the result of a letter received by Commonwealth's Attorney Wendenberg from a man who claims to have been an eyewitness to the killing of Louise Owen Beattie. Mr. Wendenberg states that he may ask the court to reopen the case for the introduction of new evidence before the final address to the jury.

Mr. Wendenberg refused to divulge the name of the alleged eyewitness, but said investigation had proved that the man had been employed as a farm-hand near the scene of the crime.

In his letter the man says he saw an automobile stop and heard a man and woman quarrelling. Then the man attacked the woman with the stock of a shotgun, he declared, and this was followed by the report of a gun. Numerous letters have been received by the commonwealth from persons claiming to have witnessed the murder, but none of them has been given such serious consideration by the prosecutor as this.

## UNION OFFICIALS COMING

Will Probe New Conditions in Des Moines Street Car Situation.

Des Moines, Sept. 7.—F. Fay, a member of the international board of the street car men's union, will spend next Sunday in Des Moines investigating the new conditions in the street car situation. He will spend the one day in the city, but if he considers further attention necessary he will return here after the meeting of the international union at St. Joseph, Mo., beginning next Monday. It is probable that he will be accompanied at that time by several men prominent in the street car unions.

Few Taking the Short End

Canadian Bookmaker Offering Odds on Reciprocity.

Toronto, Sept. 7.—Sir Wilfrid Laurier again is having his innings in Ontario. "Unless all signs fail," he declared, "endorsement of reciprocity by the Canadian people is sure."

Sir Richard Cartwright, the veteran former minister of trade and commerce, also has spoken in favor of reciprocity. Sir Richard is a notable figure in Canadian public life.

A leading bookmaker said he was laying these odds, with few taking the short end: 8 to 5 that Conservatives do not win; 2 to 5 that reciprocity is defeated.

## BOY CONFESSES WRECKING TRAIN

BELIEVE STRIKE IS INADVISABLE

Leaders Defer Definite Action on Illinois Central.

## CONFERENCE OCCURS SUNDAY

Executive Board of the Machinists Will Arrive in Chicago at That Time and Some Plan of Settlement May Be Agreed Upon—Committee Refuses to Sanction Walkout of Federated Shop Employees.

Chicago, Sept. 7.—After members of the international committee representing unions involved in the dispute with the Illinois Central Railroad company had refused to sanction a strike of the federated shop employees of the road definite action of any character was deferred until members of the executive board of the International Association of Machinists can meet in this city next Sunday.

The international committee decided that it would be unwise to grant the sanction of the international organizations to the threatened strike and agreed to turn responsibility over to the committee of the system federation of the Illinois Central shop workmen.

Later, however, P. J. Conlin, vice president of the International Association of Machinists and a member of the conference committee, protested against turning over responsibility to the system federation representative, until the executive board of his organization could be consulted. James O'Connell, president of the machinists, and other members of the board were telegraphed for and will arrive here Sunday. Meantime indication point toward no strike.

The international committee was in session again seeking to suggest some way to adjust the existing differences without a strike. At the close of the conference W. F. Kramer, secretary of the International Association of Blacksmiths and Helpers and chairman of the international committee, declared that there was no news to be made public.

The committee having wrestled with the problem for two days and having made no announcement of the nature of its deliberations Chairman Kramer's statement was taken as an indication that the committee was exerting every effort to bring about a peaceful settlement of the controversy.

It was reported, however, that many of the international officers, after careful canvass of the industrial situation, felt that a strike of the shop employees at this time would be inadvisable if not disastrous. For the shopmen to attempt the strike without support from the internationals it was pointed out, would be folly.

## ORGANIZE FARMERS' LEAGUE

Culmination of Agitation in Minnesota Against Reciprocity.

St. Paul, Sept. 7.—The Farmers' league of Minnesota was launched at the state fair grounds, the culmination of agitation in this state during the past summer against reciprocity. A constitution was officially adopted and steps were taken to organize branches in every county.

The officers chosen are: President, R. A. Wilkinson, Lake Elmo; vice president, J. Y. Winings, Eden Valley; secretary, P. V. Collins, Minneapolis; treasurer, Charles Kenning, Bird Island.

Red hot speeches, in which the president of the United States was "handed without gloves," and in which such words as "sold out" and "betrayed" were frequent, were used during the day's session.

The league, as its constitution declares, is organized for the purpose of procuring co-operation among the farmers for "benefits—social, material and political," but it was made plain in the discussions that while the league will be nonpartisan its chief object is politics.

Resemblances.

"Everybody says the baby looks like you. Doesn't that please you?" "I don't know," replied Poppley, "but I tell you what—I'm glad nobody thinks of saying I look like the baby."—Philadelphia Ledger.

## PREACHERS SCORN ASTOR FEE

Two Refuse to Perform Marriage Ceremony for \$1,000 Stipend.

Newport, R. I., Sept. 7.—A fee of \$1,000 to marry John Jacob Astor and Miss Madeline Talmadge Force has been refused by Rev. Edward C. Johnson, pastor of the First Baptist church of this city. Dr. Johnson was called to the office of a local attorney on Aug. 29, according to his statement and there the offer was made.

Little Compton, R. I., Sept. 7.—Rev. Frederick L. Brooks, pastor of the Methodist church here, has been asked to officiate at the marriage of Colonel John Jacob Astor and Miss Madeline Talmadge Force and has declined, owing to the restrictions which his church places on the marriage of divorced persons.

Farmer's Son Admits Smashing Soo Line Switch Lock.

## GRIEVANCE AGAINST EMPLOYEE

Because a Section Foreman Had Refused Him a Ride on a Handcar Leonard Eake, Fifteen Years Old, Broke the Switch Lock Near Fremont, Wis., Which Caused Wreck of a Train and Three Deaths.

Fond du Lac, Wis., Sept. 7.—To bring down the wrath of Soo line officials upon the head of a section foreman who had refused him a ride on a handcar Leonard Eake, the fifteen-year-old son of a farmer living a mile from Fremont, Wis., smashed the switch lock at the passing track near Fremont, an act which wrecked the Soo "Velvet special" early Tuesday morning, causing the death of three men and injuries to four others.

Soo officials here declared that Eake confessed.

At 9 o'clock Tuesday night Eake walked down the Soo track, he said, to his home and conceiving the idea that he could get even with the section foreman by smashing the switch lock he picked up two bars of iron and shattered it. He then drew the switch lever out of the socket. He stoutly maintains that he did not throw the switch.

By a trick of fate the Chicago-St. Paul Limited passed over the danger strip in safety shortly after midnight.

Officials of the road declare that the vibration caused by this train drew the switch point away from the main rail so that when the special reached the point the trucks of the flying locomotive climbed the protruding point and were directed onto the passing track, causing the wreck.

The boy's explanation of his part in the accident is borne out by the statement of Earl Hindson, fireman on the wrecked train, who declares that no red light showed at the switch on the night of the wreck.

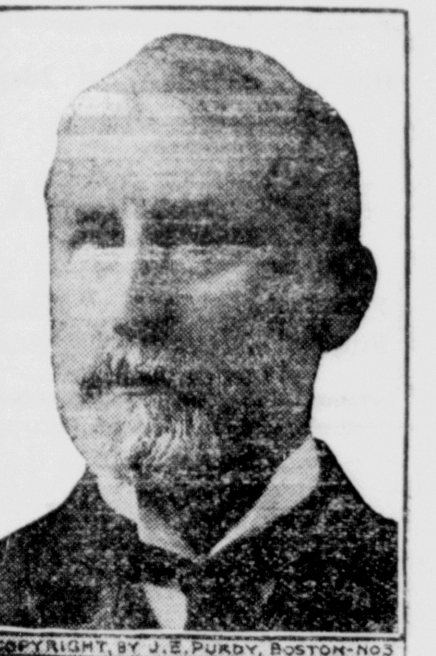

Division Superintendent C. M. Winter says this proves that the switch point was drawn away from the rail but slightly and that the switch was not fully thrown.

Detectives found the Eake clue within a few hours after the accident, but remained silent until the confessor had been obtained from the boy. Eake is under arrest.

## NEED MORE THAN CONFESSION

Sinner Must Make Amends, Gaynor Writes to a Penitent.

New York, Sept. 7.—Mayor Gaynor, who was a supreme court justice before he became mayor, received from a former New Yorker whose name was not disclosed, now living in Los Angeles, a letter confessing the writer had committed perjury in a lawsuit tried before Justice Gaynor and there-

MAYOR GAYNOR

by unjustly defeated the opposing party. The writer said he had since been converted and wanted to confess, so he might be forgiven.

The mayor, in replying, wrote: "According to my views you have to do more than this to be forgiven. You have to make amends. When anything is done unjustly it must be refunded before forgiveness can be expected. If the sinner be able to refund that is the way I understand it."

Handling Baked Fish.

Place in bottom of pan two strips of cheesecloth, three or four inches wide and long enough to extend three inches over side of pan, first dipping cloth in melted butter or olive oil and being careful to keep the ends extending over pan clean. Place fish on this and when done take hold of ends of cloth and lift fish out of pan on to platter. The cloth can then be easily pulled from under, leaving the fish in perfect shape.—Woman's Home Companion.

Eighty-one Persons Perish.

Lima, Peru, Sept. 7.—The Chilean steamer Tucapel has been wrecked and is a total loss. Eighty-one persons were drowned. The steamer was engaged in trading on the west coast of South America. She was of 1,912 tons net and was commanded by Captain Marrow.

## AITKIN CONSIDERS STONER PROPOSITION

I. D. Stoner Offers to Lease the Aitkin Power Plant for a Term of Fifteen Years

### E MEETS COUNCIL LAST NIGHT

Power Current 2 to 6 Cents per Kilowatt; Lighting at 10 Cents Per Kilowatt

M. D. Stoner, well known in this city and the head of the Cuyuna Range Light & Power Co., of Deerwood, appeared before the Aitkin council last night and made them a proposition to light their town and furnish them with power. The mayor appointed a committee of five business men who will carefully consider the proposition which Mr. Stoner made them and may hand a report next week. The whole proposition may then be submitted to the people for a vote. Mr. Stoner offered to lease the power plant for a term of 15 years, he agrees to sell them current for power at from 2 to 6 cents per kilowatt. He further agrees to sell them current for lighting at 10 cents per kilowatt with 10 per cent off for prompt payment. An additional 10 per cent will be deducted on all portions of a bill exceeding \$10. For instance a bill of \$20 when promptly paid would be reduced to \$17.20.

### Sock Shower at Shops

An event of more than usual interest in social as well as shop circles, is the sock shower given John A. McKay, machinist foreman of the Northern Pacific railway shops today. Machinists and apprentices to the number of over 150 showered "Jack", he is familiarly known, with a perpetual stream of green, blue, red, yellow, black, and other colored hosiery of wool, silk and cotton, all bearing the lion label, and at last accounts he is so heavily inundated with the socks that he could hardly burrow out from under them. The "dinkey" may be used to haul them to his bachelor quarters. He has so many socks that he won't have to say "darn" for years come.

### Not a Word of Scandal

Arrived the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but the remedy for stomach, liver and kidney troubles. Only 25c at all druggists.

## MANY RAILWAY MEN PRESENT

Associates and Friends Attend the Funeral of the Late Henry J. Cunningham

The funeral of the late Engineer Henry J. Cunningham, held Wednesday under Masonic auspices, was largely attended by Northern Pacific railway men and others, friends and associates of the deceased.

Among those present were J. E. Goodman, of Duluth, master mechanic of the Lake Superior division; J.B. Neisch, of St. Paul, master mechanic of the St. Paul division; Road Foreman John Horn, of the same division; Michael Durgan, of St. Paul, road foreman of the Minnesota division; P. J. Conolly, general round house foreman, of St. Paul; Frank Farrell, R. H. Carr and Patrick Hughes, of St. Paul, veteran engineers who have seen service with the deceased; Engineer Fred Dunlap, of Little Falls.

The deceased entered the service of the Northern Pacific railway in 1872 and has been constantly employed since then. Service in those pioneer days was of the most arduous kind. He helped to build some of the road and after serving as fireman was promoted to the position of engineer, having the run between St. Paul and Brainerd. Engineer Cunningham worked on the road when it led but 80 miles from St. Paul and now the Northern Pacific railway system with its many branches and feeders has a total mileage of close to 6,000 miles. Engineer R. H. Carr, who attended the funeral, at one time served as fireman for the deceased.

Engineer Cunningham was a faithful, conscientious and trustworthy employee and his nearly 40 years service with one company ranks almost as a record.

Many Masons and Knights Templars, to which orders he belonged, were present. The floral emblems were beautiful and the Brotherhood of Locomotive Engineers sent one to show their brother engineer had not been forgotten.

**Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.**

Take Hall's Family Pills for constipation.

## J. M. QUINN FINDS BROTHER'S SLAYERS

Special to The Dispatch: Minneapolis, Minn., Sept. 7.—In a telegram to The Dispatch this morning, J. M. Quinn says: "Have landed parties who killed my brother, August 31, 1909, at Mitchell, S. D. I leave for Mitchell today."

The murdered man's name was Peter Quinn and he was at one time in the grain business in Mitchell. He met his death there by being shot and according to the telegram received the mystery is in a fair way of being solved.

### Crow Wing County Farmers Attention

The Commercial club of Brainerd is arranging for an exhibit of Crow Wing county products to be displayed in the Northern Pacific display car, leaving St. Paul Sept. 15th, 1911. Any one having choice vegetables of any kind and wishing this opportunity of displaying them, are kindly requested to bring same at once to E. R. Smith, secretary, Sleeper block, Brainerd, Minn. 7915w-

### Obituary

Harry Joergenson, the son of Mr. and Mrs. John Joergenson, 1912 Oak street, was born January 10, 1886 and died at Portland, Ore., of pericarditis on August 29, 1911. He worked for some time in the Northern Pacific railway shops and was a switchman on the "dinkey" engine. He went to Portland on July 25th of this year. The deceased was a member of the Norwegian Methodist church and was well and favorably known in this city, having a large acquaintance among the shop men. His funeral was held on September 5 and the attendance was large. Interment took place in Evergreen cemetery.

### Card of Thanks

We wish to thank our friends and neighbors and all who assisted us and were so kind to us in the bereavement suffered by us when we lost our beloved son, Harry.

Mr. and Mrs. John Joergenson.

### Suitcase Lost

A suitcase was left on the steps of the Edison school house on Saturday evening and when the owner returned for it it was gone, either having been taken by some one for safe keeping or was stolen. If the party having same will call at the Dispatch office a suitable reward will be given for its return, and a list of the articles contained in it will be furnished for identification. 7913w-

### WILL SOON BUY WHEAT

Holst Elevator Will Commence Buying Wheat, Rye, Flax, Etc., on Monday

William F. Holst has completed arrangements and will be in a position on Monday, Sept. 11, to buy wheat, oats, rye, buckwheat, flax, etc., when delivered to his elevator. Mr. Holst's energy will give the farmers a cash market for their grain and the innovation will be appreciated by them for if there is anything a farmer likes it is good, hard cash.

### Danger in Wearing Glasses

The most scientifically fitted glasses in the world will do more harm than good unless they are properly kept and correctly worn. Dirty glasses are a strain upon the eye and cause much sickness. Yet most people wear them partly clouded with dirt most of the time. Be very careful of all glasses. Be careful what you put in your table glasses, and when beer, nothing but golden grain beer, brewed in the most perfect brewery in the world, bar none. They make friends everywhere. Order of Walter Bolton, Tel. 179J4, Brainerd Minn.

### Forced to Leave Home

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c and \$1.00 Trial bottle free at all druggists.

### JURY DISAGREED

Second Jury in the Tabert Case Disagrees as The First One Did in This Assault Case

The second time Jacob Tabert was tried for his alleged assault on John C. Olson and John W. Olson, resulting, it is said, from a dispute over a hay meadow, the jury disagreed again. Attorney W. W. Barron represented the defendant Tabert and County Attorney W. A. Fleming appeared for the state in Wednesday's trial. Two disagreements may almost be considered a victory for the defense.

### An Unpopular Tax.

A chimney tax was first levied in England in 1693, but it proved so obnoxious that it was abolished in 1699.

## AVIATION AT STATE FAIR

Carload of Wright Machines Have Already Been Received for Use This Week

Frank Coffyn and Howard Gill are the two aviators who will direct the Wright machines in their daily flights at the Minnesota state fair. A telegram was received last night from the Wright headquarters at Dayton, Ohio, to this effect.

A carload of Wright machines has already reached St. Paul and will be taken out at once to the fair grounds. Everything possible will be done to make the aviation features at the state fair sensational. Under the contract the aviators must take their machines to a height of two hundred feet and remain in the air ten minutes or they will receive no pay for the flight. This insures regular performances no matter what the weather or conditions may be.

Of the men selected to do the air piloting at Minnesota Mr. Coffyn is probably the best known. He was one of the most successful of the Wright aviators and promises something unusual in the record breaking line while here.

There is one farmer in Sedalia, Mo., who paid ten dollars to see a Wright machine fly last year during the fair. And this is how it happened.

The aviator, Coffyn, was strolling through the crowd outside of the race track, when he happened to hear a heated argument between two farmers who were discussing as to whether or not the peculiar looking machine out in the field could fly. In a few minutes quite a crowd surrounded the disputants, some taking sides for and others against the possibility of such a curious machine rising in the air. At the psychological moment Coffyn walked up to the one who was positively asserting that the machine could not fly and asked him whether he was ready to bet his money on the result. Mr. Farmer immediately haunts out a brand new ten dollar bill which was immediately covered and Coffyn then jumped over the fence, crawled into the machine and made a magnificent flight of almost thirty minutes. When the aviator returned to collect his money, the farmer was right there with a broad smile on his face and said: "The drinks are on me alright, but if I'd thought I was talking to the flyer himself."

The moral of the story is this: Never bet your money against the Wright machines for you will surely lose; if the wind is so strong that the flags at the fair grounds are standing out like a board in a thirty-mile wind, don't bet that the machine will not go up; you will surely lose. If the machine is advertised to go 3,000 feet or 5,000 feet, or any old thing, you put the money on the machine.

## CASCARETS CURE A BILIOUS HEADACHE

Gently but Thoroughly Cleanse Your Liver, Stomach and Bowels and You Feel Great by Morning. You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with black rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

## Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish immediately double the beauty of your hair with the trouble and at a cost not little mentioning—just trouble a cloth with a little Danderine and wash it carefully through your hair, taking one small strand at a time, this will cleanse the hair of all dirt, dirt of any excessive oil—in a few moments you will be amazed. Your hair will be wavy, glossy and abundant and possess an incomparable fitness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cures, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right in the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Danderine's Danderine from any drug store or toilet counter and try it as directed.

**NEWS OF THE CUYUNA RANGE****CEMENT SHAFT  
CONTRACT LET**Cuyler Adams and Associates Let the  
Contract to The Foundation  
Co., of New York**LOCATED SOUTH OF DEERWOOD**News Gives Impetus to Business in  
Deerwood—First National  
Bank's Fine Statement

Deerwood, Minn., Sept. 7.—The cement shaft south of Deerwood in section thirty, township forty-six, range twenty-eight, near the site of the old Chesquitawney mine, is an assured fact. Cuyler Adams and his associates, who bought out the interests of Attorney William C. White, of Deerwood and Milwaukee, Wis., in the Orelands Mining Co., at the record price of \$250,000, which interests also appear to have included lands on the south range, have let the contract for the construction of this cement shaft to the Foundation Co., of New York, and work will soon be commenced. Mr. R. Jackson, who made such a splendid record in his work near Crosby and Ironton, will have charge of the work again. The announcement of this mining on the south range has caused increased interest in that section of the Cuyuna iron range. Coupled with the exploratory work in the vicinity of Brainerd, the numerous drills to the south of Deerwood and the Northern Pacific railway tracks and extensive mining operations of the M. A. Hanna & Co., at Barrows, the activities of the south range have gained the attention of investors, mining men and drillers. The Cuyler Adams shaft

means much for Deerwood and the impetus it has given to business is marked and noticeable.

The bank statement of the First National bank of Deerwood is also evidence of the general prosperity of Deerwood. "Our increase in deposits," said Cashier H. J. Ernster, "has been flattering and most gratifying. We have an increase of \$25,615.16 since June 7 on our books. On June 7 our deposits were \$115,205.74. On Sept. 1, date of this call, our figures for deposits leaped to \$140,820.90. The total footings in our statement for June were \$177,118.52. On Sept. 1 they were \$201,675.45. We are now in the \$200,000.00 class." The bank has enjoyed a most satisfactory growth and is held in high esteem by its patrons and the public. Its banking quarters are the handsomest on the Cuyuna range. The president of the bank is Isaac Hazlett, of Minneapolis; vice president, H. J. Hage; cashier, H. J. Ernster; directors, Isaac Hazlett, H. J. Ernster, W. E. Parker, J. J. Meyer, F. B. Coon, James Hazlett and H. J. Hage.

A social was given at the Scandinavian Lutheran church on Labor Day. Ice cream, cake and coffee were served.

Mrs. R. B. Coffin is visiting relatives at Long Lake near Minnetonka, Minneapolis.

Miss Agnes Berthume, telephone operator, went to Minneapolis Wednesday and will also visit the state fair.

Mr. and Mrs. John A. Stevenson, who spent the summer at their cottage on Reno lake, have returned to Duluth.

The council on Tuesday evening adjourned without transacting business as the president, Judge J. T. Hale, was not present.

Mr. and Mrs. Charles Osterlund are at the state fair and are also making their purchases for the Christmas trade. During their absence M. K. Swartz, of Brainerd, has charge of the Deerwood drug store.

Mr. and Mrs. C. G. Theorin have returned from a visit at Brainerd with their son, Deputy Sheriff Claus Theorin.

J. A. Stetson and family have removed to Duluth. Mr. Stetson is spending the week at the state fair.

Charles, Gust and Frank Oberg have gone to the state fair, making the trip in their automobile.

Jay McCarville and Salisbury Adams are shooting ducks near Big Rice lake. Oscar Carlson and Albert Nygord have gone to Grayling to shoot ducks.

Wm. Seafeld, superintendent of the Helmer Exploration Co., bet \$75 on Gotch and his friend Frank Huhn, of Minneapolis lost the Hackenschmidt end of the bet. Huhn, or "Whiskers" as the boys affectionately call him, has gone to Chicago and some say he went to see what kind of a dub the "Russian Lion" was.

Miss Alma Mattson, of Brainerd, was in Deerwood Sunday.

The Fruit Growers association of Bay Lake has finished a most prosperous season and has disbursed over \$9,000 among the farmers of the country. A. N. Gray, of Bay Lake, is the president. The association has now taken up the question of buying potatoes, for it is estimated that from 15 to 20 carloads can be shipped in a season. Citizens and farmers are glad to see the association take up the potato matter. It will then be handled with some system and every man will get the right

prices and the association will keep tab on the wholesale or commission man.

Harry Patterson is improving in health every day. His son and his daughter, Mrs. Gormley, of Montana, are with the family.

Miss Josephine Hilyar is visiting friends in Brainerd.

School started in Deerwood Tuesday, September 5.

Miss Nellie Rudolph visited in Brainerd Tuesday.

Mrs. William Reid is attending the state fair.

Gildhaus & McCormick, formerly employed in the St. Louis hotel at Duluth, have leased the Adams hotel from C. H. Adams and took possession Sunday.

Miss Jessie Whitten is teaching school at Baxter.

Miss Shaw, teacher of the intermediate grade, is sick.

Henry J. Ernster and wife et al to Agnes I. Lamb lot 5 of sub of ne

**The Great Public  
Pulse Says:  
CALUMET**

It says "Calumet" — For the critical housewives of America have found that Calumet Baking Powder makes the most appetizing, light, wholesome food — that Calumet is the most economical and dependable of all Baking Powders.

If you, too, Mrs. Housewife, want to learn what Calumet means to you, bake with it just one batch of biscuits. If you don't find it unlike any other — so much greater in leavening power — in uniformity — in purity — return it, and **get your money back.**

That's all we ask — and think what it means to you to always be sure that each time you bake you will have the most tempting biscuits, pastry, etc. Think of it — the highest quality Baking Powder at a moderate price — the most economical in use. Cheap big can kinds give you quantity, but not **quality.** High-priced trust brands mean extravagance. For no Baking Powder can be equal in quality to Calumet. Was not that proven when it received the Highest Award at World's Pure Food Exposition?

Don't be deceived — ask for Calumet — and get it.

**CALUMET Baking Powder****The Metropolis of the Cuyuna Iron Range****Crosby, Minn.**Choice Business Lots For Sale  
Within Two Blocks of the new SOO Depot.

Now is the time to buy as these lots will soon be worth many times what is now being asked for them. For prices and terms see

**The Best Thing of the Day**

One taste of Kellogg's Toasted Corn Flakes and it will be the favorite in your home. It's the flavor—the delicious flavor that won the nation's favor—that has made it "first choice" in nearly every home—as well as first choice with the grocer.

It's different from other breakfast foods—you can have no idea of its deliciousness till you try a package yourself. Ask your grocer.

**W. K. Kellogg****"Just Say"  
HORLICK'S  
It Means  
Original and Genuine  
MALTED MILK  
The Food-drink for All Ages.**

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

**Black Silk  
Stove Polish**

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish.

Used on sample stoves and sold by hardware dealers. All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money.

Black Silk Stove Polish Works, Sterling, Illinois. Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting.
